

Select Shows & Canuck Amusements Guest Code of Safety and Conduct

Each guest at our Midway has legal and moral obligations to act responsibly on all rides and attractions.

All amusement rides are physical activities which pose inherent risks. You must at all times act in a responsible manner to safeguard your own health and safety, and refrain from anything which poses a risk to others. Carefully read and obey all warning signs and instructions, attendant instructions, and recorded safety messages. Watch how rides are loaded and unloaded. To the extent possible, observe rides in action before going on. Watch where you are walking. Ask questions of attendants.

Be safe and have fun!

We care deeply about all our guests, and want everyone to have happy memories that last a lifetime. That is why safety must always come first above and beyond anyone's desire to participate in a ride, attraction, activity, or area of the Midway. In addition, if the Midway determines in its sole discretion that you are not able to safely participate in a ride or attraction, we may prevent you from doing so (without any refund or other compensation to you).

Remember – safety is a shared responsibility! The Midway can only do so much to keep you safe—it is up to you, as well. We can't protect people from the consequences of their own reckless or irresponsible behavior. You must act responsibly for your own health and safety, and for that of others.

Finally, if at any time you feel you need help due to an injury or medical concern, please immediately notify a Midway staff member and ask for help.

Thank you very much for your understanding and cooperation!
